

# How to connect your chromebook to Wi-Fi

- At the bottom right of the screen, **Left-Click** on the **Wi-Fi** symbol or the **Time**

- Select Not Connected  .
  - Turn on Wi-Fi.
    - Your Chromebook will automatically look for available networks and show them to you in a list.

- There are several types of networks you can connect to, find the one that is yours

- **Connect to an open network**

- Select the Wi-Fi network  .
  - Remember, your information might be visible to other people on this network.

- **Connect to a secure network**

- Select the secure Wi-Fi network  .
  - Type the network password.
  - Select Connect.

- **Connect to an unlisted network**

- Select Join other network  .
  - Enter the network information in the box that appears.
  - Select Connect.
    - Information for this network is automatically saved so you can connect automatically later.
